LONDON. Thursday (UP).

Russia announced last night she plans to start mass producing the Salk polio vaccine.

Moscow Radio said that plans for mass producing the vaccine — deve'.pad by Dr.

Jonas A. Salk of the U.S.—had been announced by A. A. Smoridintsev, a member of the Soviet scientific delegation which visited the U.S. recently. He gave a talk on Moscow Radio's home service yesterday in which he said the Soviet Union planned to start producing the vaccine "within the shortest possible time."

Dr. Smoridintsev said the Soviet delegation met Dr. Salk and was impressed by his "simplicity and modesty." He has not been carried away by this great success or used it for lucrative purposes, but has placed his discovery at the country's disposal," he said.

Work of Histadrut
Yousef Hanna, editor of
the Old City daily "ADiffa," yesterday wrote
editorially that the influence of Histadrut is the
reason for the civilized
world's "great admiration
of Israel." He was commenting on the report by
Brahim Issat, the Cairo
correspondent who visited
Israel recently.
Hanna said that Israel
represents the only Socialist country in which
looks forward to Socialism must admire Israel,
he declared, adding that
the quicker the Arabs
learn this, the better.

Mr. Slui's complaint states that after Mr. Pine tried to commit suicide when detained at the police station, the police informed the Mayor, who refused to release him or who refused to release him or stopped to the station of the mayor.

An unknown ship fight. The Larsel flag has once again been spotted in Greek territorial waters off the Dodecanese archipelago. "Ma arive reported yesterday f rom Athena.

Greek newspapers cast doubts on the Israel Legation statement in Athena that the Israel corvette, K-2, was in Greek territorial waters for only five days last week. The Greek press is trying to imply that the Israel Navy is heling the British bring arms to Cyprus, the report said.

On the other hand, the press does not regard it as impossible that a British ship is flying the Israel flag, it calls upon the Greek Navy to send on the other hand, the press does not regard it as impos-sible that a British ship is flying the Israel flag. It calls upon the Greek Navy to send a warship to the area in an effort to identify the "ghost ship."

For their work in the field of adult education, Mr. Baruch Zuckerman, of the Jewish Agency's Youth and Hehaluts Department, and Mr. Abraham Cohen-Tawii, of the Ministry of Education and Culture, have received the Morris Katz awards, each totalling \$2,000.

The prizes are awarded annually by the Hebrew University's Centre for Adult Education from a fund of \$50,000 donated by the late Morris Katz of the U.S. for achievements and research in the field of popular education. The ceremony was held at Beit Hillel in Jerusalem.

Syrian-born Mr. Cohen-To Dig in Egypt

AMSTERDAM (By Airmail).

For the first time, a Dutch archaeological expedition will dig in Egypt. Thanks to a subsidy of the Notheriands Foundation for Scientific Research (Z.W.O.), Dr. A. Klasens, curator of the Government Museum of Antiquities in Leyden, will explore the First and Second Dynasty necropolis at Abu Rossh, about 10 kms. north of the Pyramid of Gisch.

Dutch archaeologists, including Dr. Klasens himself, have previously excavated in Egypt, but only as memberaror guests of non-Dutch expeditions. The necropolis seems to be very promising, and may yield valuable material complementary to that of the royal tombs of nearby Sakkara. Recent excavations there have shown that all essential characteristics of the Egyptian civilization of the Old Empire were already existing in the First Dynasty. at Beit Hillel in Jerusalem.

Syrian-born Mr. CohenTawil has been active in this
field among the Sephardi
communities for the last 20
years, Mr. Rubinstein served
as Director of the Rutenberg
School for Youth in Haifs
and later founded a school
in Cyprus camps where "lilegal" immigrants were detained by the British.
